

## Undermount Faucets With Adjustable Centers

### Adjustability has never been this easy.

Introducing the new Chicago Faucets undermount faucet with adjustable centers. Chicago Faucets undermount faucets are better than ever before and more installer friendly than just about any other commercial faucet on the market. Flexible hoses allow for almost unlimited handle placement, while the pre-assembled parts and individual testing help deliver durable performance and an easier installation. Plus, with a lifetime warranty on the body and interchangeable handles, spouts, outlets, and cartridges – you get a faucet that not only lasts, but one that's easy to upgrade.

- Flexible hoses provide countless options for handle placement
- Fewer parts and pre-assembled components for a faster installation that reduces labor costs for installation and ongoing maintenance
- Fully threaded valve body adjusts to almost any deck thickness
- Interchangeable with the same handles, spouts, cartridges, and outlets you use on your current Chicago Faucets to provide unsurpassed flexibility
